

DRUMGRANGE VACANCY ADVERT

PROJECT MANAGER

LOCATION: CHERTSEY & PORTLAND

JOB PURPOSE:

The Project Manager is responsible for ensuring a large project or multiple smaller projects within the Company's portfolio are managed to deliver on time, to budget, within scope and to the required quality and safety standards. Whilst reporting and forecasting on resource, financial and earned value management within the programme.

REPORTING TO: HEAD OF PROGRAMMES

The Project Manager will report to the Head of Programmes and is supported by a System Design Authority and their project team.

CANDIDATE REQUIREMENTS

- To be the prime point of contact with the Customer and the only channel through which changes to the Contract can be agreed.
- Ensure that the project is managed day-to-day in an efficient manner in accordance with the Company Manual and the project planning documentation.
- Ability to develop a realistic programme, which aligns with the declared lifecycle model, to achieve the deliverables. Implement the plan, throughout the lifetime of the project, ensuring that progress is maintained in line with the objectives.
- Report progress (SOFT Report) and financial status (PTS) to the Head of Programmes on a monthly basis and attend all necessary Management Meetings.
- To assess, review and actively manage risk.
- Be responsible for the day to day management of the team, perform the appraisals of those team members, setting objectives and monitoring their progress throughout the year.
- To assist the Marketing Department in the preparation and review of bids.
- Ability to foster working relationships with customers and pursue marketing opportunities profitable to the Company.
